

The solution is at your fingertips

5-PACK Pricing

Save Big
\$\$\$ on each
unit!
on select 6" AGP3000 models

Get big savings on a handful of the best 6" touchscreen operator interfaces on the market!

Save dramatically with 5-Pack pricing!

Choose from three popular
6" touchscreen models:

AST3301-B1-D24(5PK)
5.7" blue/white LCD, serial & USB ports

AST3301-S1-D24(5PK)
5.7" STN LCD, serial & USB ports

AGP3300-T1-D24(5PK)
5.7" TFT LCD; serial, USB, Ethernet,
CompactFlash ports

- Reduce your system costs now!
- Simplify your machine control while adding flexibility
- Protect your system with enhanced security features
- Save significant HMI development time by directly importing AB Native tags

Right-size, right-technology solution;
choose the one that matches your application

#1 global supplier of HMI solutions
#1 in HMI software & hardware connectivity
#1 in HMI investment protection

750 North Maple Road • Saline, MI 48176 USA

Extend Your Reach

Go from Ethernet to Internet with new,
innovative AGP3300T features

- ✓ **Remote alarming:** Web server
Use your Web browser to receive automatic alerts from your operator interface.
 - Automatic notification of active alarms; view alarm log history
 - Subscribe to an RSS feed to receive live alarm updates!
- ✓ **Remote data management:** FTP server
Save on maintenance and travel costs! Use a standard FTP client to update/retrieve data.
 - Upload/download recipes, alarm information and history
 - Perform Compact Flash card and USB storage device file maintenance
 - Retrieve/delete sampling data and logging information
- ✓ **Remote interaction with operator interface**
Reduce support costs while adding service value to your machines (GP Viewer option)
 - Access different sites to monitor, control or update multiple units remotely
 - See the machine/process condition from any Ethernet/Internet connection point!
